

# BULK&ROLL

**LIGHT DUTY MECHANICAL-ASSIST MOBILE RACKING SYSTEM**

**BULK&ROLL**

## STORE ANYTHING ELIMINATE SPACE WASTING AISLES MAXIMIZE SPACE

Montel's **BULK STORAGE RACK SYSTEM** best-in-class high-density solution is precision-engineered to deliver lasting high-capacity storage so you can use your space to its full potential. The **BULK&ROLL** has been developed for general storage applications of light to medium loads of bulky items. Its light-weight, reliability and simple design allows for easy installation, use and maintenance.

## OPTIMIZE AND GET IMMEDIATE PAYBACK

We designed our BULK&ROLL mechanical-assist mobile storage system with the following benefits in mind:

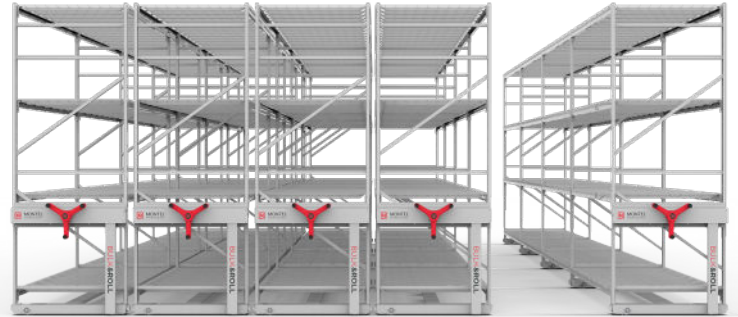

Enhance efficiency and productivity by optimizing your storage.

Prevent costs due to the need to buy, build or rent additional space for storage.

A safe investment that yields high returns.

An eco-friendly solution, since it contributes to a more sustainable workspace by reducing your warehousing's energy consumption and environmental impact.

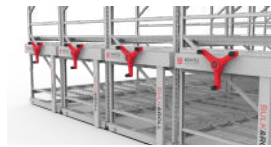

Also available as single-tier mobile rack systems.

## AVAILABLE FEATURES

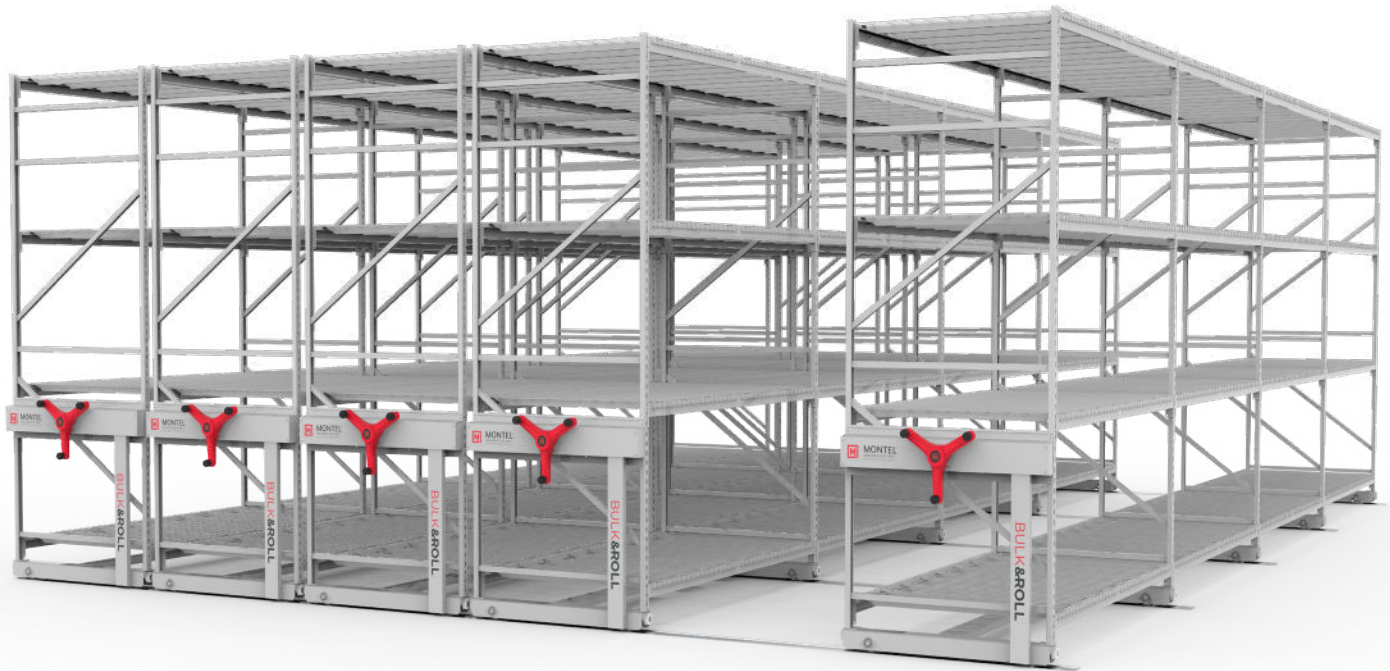

Compatible with Montel's **4D Wide Span** allowing increments every 2 inches, **BULK&ROLL** is equipped with wire decking and offered in industrial grey or ultra-reflective FDA white.

### QUICK INSTALLATION

<b>MAXIMUM CARRIAGE LENGTH</b>	48' (14.64 m) (Actual) 50' (17.07 m) (Nominal)
<b>MAXIMUM LOAD CAPACITY PER BEAM</b>	400 lb (181 kg) 500 lb (227 kg) 1000 lb (454 kg)
<b>MAXIMUM LOAD CAPACITY PER BAY</b>	Up to 2,400 lb (1,089 kg)
<b>MAXIMUM HEIGHT</b>	Up to 10' in height (3.05 m) depending on weight distribution.
<b>AVAILABLE DEPTH</b>	36" (91 cm) 42" (107 cm) 48" (122 cm)
<b>AVAILABLE WIDTH</b>	4' (1.22 m) 8' (2.44 m)
